- i. I would appreciate if you or ______ could look into this recommendation of Mr. Lundahl's and let me know: (a) What kind of a camera system he has in mind, and (b) Your recommendation with respect to such a system.
- 2. You should have in mind that I am extremely reluctant at this point to authorize any new major R&D or procurement in connection with the U-2 since I am convinced that this aircraft has only a very limited remaining life in its present employment.
